Utopia Thomas More 2020-05-05 The classic political satire about an imaginary ideal world by one of the Renaissance’s most fascinating figures. Named after a word that translates literally to “nowhere,” Utopia is an island dreamed up by Thomas More, a devout Catholic, English statesman, and Renaissance humanist who would be canonized as a saint centuries after he was executed for choosing God over king. More’s novel introduces us to Utopia’s society and its customs. It is a place of no private property and no lawyers; of six-hour workdays and simple ways; and, intriguingly, of a combination of values that blend the traditional with the highly controversial, from euthanasia to married priests to slavery. Remarkably thought-provoking, it is a novel that asks us to question what makes a perfect world—and whether such a thing is even possible.

Leading from the Emerging Future C. Otto Scharmer 2013-07-08 Our Time Is Now We have entered an age of disruption. Financial collapse, climate change, resource depletion, and a growing gap between rich and poor are but a few of the signs. Otto Scharmer and Katrin Kaufer ask, why do we collectively create results nobody wants? Meeting the challenges of this century requires updating our economic logic and operating system from an obsolete “ego-system” focused entirely on the well-being of oneself to an eco-system awareness that emphasizes the well-being of the whole. Filled with real-world examples, this thought-provoking guide presents proven practices for building a new economy that is more resilient, intentional, inclusive, and aware. “A watershed! An inspiring, practical weaving of the inner and outer dimensions of the systemic changes so many around the world are now working toward.” —Peter Senge, Senior Lecturer, MIT Sloan School of Management; Founding Chair, Society for Organizational Learning; and author of *The Fifth Discipline* “Scharmer and Kaufer have succeeded in writing the book that has the potential to transform civilization from one based on a rapacious, ego-driven economics to a viable, ecological, awareness-based model. This is a must-read for anyone who cares. It may well be the single most important book you ever read.” —Arthur Zajonc, President, Mind and Life Institute, and author of *Meditation as Contemplative Inquiry* “Scharmer and Kaufer provide a creative and practical approach to shifting our economies. I see business as a movement, and this book shares that movement with the world, offering us inspiration to tap into the deeper levels of our humanity and urging us to transform the crises of our times.” —Eileen Fisher, founder, Eileen Fisher, Inc. “The shift to an eco-system economy is emerging everywhere around us. Otto’s and Katrin’s clarity in identifying that this shift requires change-makers to expand our thinking from the head to the heart has helped me to be more intentional in designing processes to awaken the hearts of entrepreneurs everywhere. This is a necessary condition for the emergence of the new economy.” —Michelle Long, Executive Director, Business Alliance for Local Living Economies “The purpose of business is to enhance the well-being of society. The 4.0 framework for transforming capitalism matters because it addresses a blind spot in our current discourse: how to create institutional innovations that could shift our economy from ego- to eco-system awareness at the scale of the whole.” —Guilherme Peirão Leal, founder and Cochairman, Natura Cosméticos

Think Like a Monk Jay Shetty 2020-09-08 Jay Shetty, social media superstar and host of the #1 podcast On Purpose, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk’s path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world’s largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world’s most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world’s #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

The Last Child on St Kilda Beth Waters 2019-02-05 Norman John Gillies was one of the last children ever born on St Kilda, five years before the whole population was evacuated forever. People had lived on these islands for over 4000 years, developing a thriving, tightly-knit society. Why and how did this ancient way of life suddenly cease in 1930?

Cyprus Avenue David Ireland 2016-04-21 Gerry Adams has disguised himself as a newborn baby and successfully infiltrated my family home. Eric Miller is a Belfast Loyalist. He believes his five-week old granddaughter is Gerry Adams. His family keep telling him to stop living in the past and fighting old battles that nobody cares about anymore, but his cultural heritage is under siege. He must act. David Ireland's black comedy takes one man's identity crisis to the limits as he uncovers the modern day complexity of Ulster Loyalism. Cyprus Avenue was first performed at the Abbey Theatre, Dublin, on 11 February 2016, before transferring to the Royal Court Theatre, London in April 2016.

Cook with Jamie Jamie Oliver 2007-10-02 My guide to making you a better cook. I can't tell you how long I've dreamed about writing this book. It's the biggest book I've ever done, and I've really tried to make it a timeless, modern-day classic. Whether you're a student, a young couple, an established cook, or a novice, I'll take you through a whole load of simple and accessible recipes that will blow the socks off your family and any guests you might have round for dinner. There's information on the equipment that I think you should have in your kitchen, advice on how to recognize and cook loads of different cuts of meat, as well as on how to get the best value and quality when you're out shopping. With all of us consuming more processed food than ever, it's a sad fact that most people just aren't confident enough to cook anymore. With this in mind, now is the time for you to get stuck in and reclaim your fantastic cooking heritage! You know what . . . if you're going to eat three times a day for the rest of your life, you might as well learn to cook properly and enjoy it! So roll up your sleeves and let me help you. P.S.: By the way, you should feel good about buying this book because every single penny I make from it will go toward training and inspiring young kids from tough backgrounds all over the world to have a career in food through the Fifteen Foundation. So on behalf of them, thank you.

Inner Engineering Sadhguru 2016-09-20 NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. “A loving invitation to live our best lives and a profound reassurance of why and how we can.”—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.
